Welcome To The International Conference On Bioenergy And Biofuel 2026

IBC2026 warmly invites Speakers, Delegates, Stakeholders, Researchers, Students, and Industry Leaders to participate in the upcoming "2nd International Conference on Bioenergy and Biofuels," taking place October 15-17, 2026 at Seoul, South Korea. Centered around the theme "Renewing Energy – Restoring Earth," this global gathering brings together a diverse community of innovators, policymakers, academics, and industry experts dedicated to advancing clean energy solutions through bio-based technologies.

As the world accelerates its transition to renewable energy, bioenergy emerges as a critical pillar—offering innovative approaches from biomass and biofuels to biogas and cutting-edge biotechnologies. The conference will highlight transformative research and real-world applications aimed at reducing carbon footprints, enhancing energy security, and promoting long-term environmental sustainability. Whether you're a researcher ready to present breakthrough findings, an entrepreneur exploring opportunities in the green energy sector, a student eager to expand your knowledge, or a seasoned professional seeking collaboration, the Bioenergy Conference provide something for everyone. At its core, the event fosters global collaboration and innovation, addressing some of the most pressing energy and environmental challenges of our time.

With keynote presentations by leading experts, engaging panel discussions, and comprehensive technical sessions, attendees will gain deep insights into the trends, obstacles, and future directions of bioenergy. The conference creates a dynamic and inclusive environment where participants can exchange ideas, forge meaningful partnerships, and spark latest innovations. A key highlight of the event is its strong focus on biofuels, solidifying its reputation as a premier platform in this vital sector. Dedicated sessions will explore the latest advancements in biofuel technologies, highlight successful implementations, and analyze global policy frameworks supporting the development of bio-based energy.

Throughout the three-day event, participants will be inspired by Innovative perspectives, expand their professional networks, and acquire practical knowledge that advances both individual and collective progress in the field of bioenergy.

Join us at IBC2026 and be part of a global initiative driving the transition toward a cleaner, more resilient, and sustainable energy future.

Why South Korea.?

South Korea stands as a key global leader in energy policy and technological advancement, and is among the foremost producers of bioenergy. With a strong national commitment to renewable energy, the U.S. plays a pivotal role in shaping global trends and fostering international collaboration.

Home to world-renowned universities, cutting-edge research laboratories, and a vibrant ecosystem of startups, the country is actively advancing biotechnologies such as biogas and biofuels. Institutions across the U.S. are at the forefront of bioenergy and biofuel innovation, excelling in the translation of research into practical, scalable solutions.

South Korea robust innovation landscape effectively bridges academia and industry, accelerating the commercialization of sustainable energy technologies. Additionally, with one of the world's largest markets for renewable fuels—driven by policies like the Renewable Fuel Standard (RFS), The U.S. serves as a strategic hub for dialogue on global market dynamics, investments, and regulatory frameworks. Major American cities Extend excellent international connectivity and world-class infrastructure, including top-tier conference venues, reliable transportation, and exceptional hospitality ensuring a seamless experience for participants from around the globe.

This Bioenergy conference is a platform to Highlight South Korea Technologies Research breakthroughs to the World.

Key Reasons To Attend

This conference addresses the facts of bioenergy and biofuels including resources, research, innovation, implementation, and policies. This Platform focuses on achieving a balance between environmental sustainability and the economical on biomass utilization chain, with considering scientific aspects.

- To Understand the Global Trends.
- To know the Insights on International policies and Climate goals.
- Connect with Scientists, Engineers.
- Investors, Research Collaboration, Gain Practical Insights.
- Inspiration to contribute to a cleaner, Green future.
- Platform to present your research work.
- Boosting academic and professional profile.

Who Can Attend The Conference?

Key Topics

Core research areas & emerging themes

Bio & Sustainability

- Bioenergy
- Biochar
- Food, Water & Energy
- Recycle & Waste
- Fermentation
- Organics into Bio
- Sustainability in Biomass
- Efficiency of Fuels

Fuel & Energy

- Biofuel
- Decarbonization
- Clean Fuel
- Fossil Fuel
- Energy Production
- Quality of Fuels
- Conventional Fuel
- Zero Emission Fuel

Biomass & Environment

- Biomass
- Biochar
- Food, Water & Energy
- Recycle & Waste
- Fermentation
- Organics into Bio
- Sustainability in Biomass
- Efficiency of Fuels

Sponsorship Opportunities

Join as a sponsor and be recognized as a leader in the global innovation community in International Conference on Bioenergy and Biofuel 2026

GOLD SPONSOR

- An exhibition booth space of 6*3m in the exhibiting area.
- One table and two chairs.
- Three complimentary delegate registrations for the employees of sponsoring organization.
- Logo prominently displayed as a gold sponsor on the meeting banner.
- One full-page color advertisement with prime positioning in the conference program.
- Logo displayed and hyperlinked to the organization webpage.
- Acknowledgment as a Gold sponsor during the opening and closing ceremony.
- Speaker opportunity in the conference program.
- One promotional brochure to be inserted in each satchel.

SILVER SPONSOR

- An exhibition booth space of 3*3m in the exhibiting area.
- One table and two chairs.
- Two complimentary delegate registrations for the employees of sponsoring organization.
- Logo prominently displayed as a silver sponsor on the meeting banner.
- One full-page colour advertisement with prime positioning in the conference.
- Logo displayed and hyperlinked to the organization webpage.
- Acknowledgment as a silver sponsor during the opening and closing ceremony.
- Speaker opportunity in the conference program.
- Logo displayed on the conference homepage and all printed materials.
- One promotional brochure to be inserted in each satchel.

BRONZE SPONSOR

- An exhibition booth space of 3*3m in the exhibiting area.
- One complimentary delegate registration for the employees of the sponsoring organization.
- One table and one chair.
- Logo prominently displayed as a bronze sponsor on the meeting banner.
- One half-page color advertisement in the conference program (to be distributed to all participants)
- Logo displayed and hyperlinked to the organization's webpage.
- Acknowledgment as a Bronze sponsor during the opening and closing ceremonies.
- Logo will be displayed on the conference homepage and all printed materials.

Exhibition Opportunities

2nd International Conference on Bioenergy and Biofuel 2026 is an exciting opportunity to showcase to a broader international audience any new technology and new products from, and/or the service/s your industry or company may offer. As an exhibitor, you will access the corporate executives, researchers, and commercialization leadership who rely on your products and services to develop their new technologies.

EXHIBITOR BENEFITS AND INCLUSIONS

- An exhibition booth space of 3*2 meters in the exhibiting area.
- One table and one chair.
- One complimentary pass and access to the exhibition booth and networking.
- Publication of the exhibitor profile in the souvenir (one A4 page).
- Logo displayed and hyperlinked to the organization's webpage.

SHOWCASE BOOTH

Industry prospectors are looking for breakthrough technologies that are ready for licensing, corporate partnering, or investment opportunities. This can include prototypes, demonstrations, and display booths to showcase your innovative solutions at **2nd International Conference on Bioenergy and Biofuel 2026**

MARKETING AND PROMOTIONAL OPPORTUNITIES

2nd International Conference on Bioenergy and Biofuel 2026 offers various marketing and promotional opportunities for corporate companies. MPOs are an effective way to raise your company's visibility, effectively get your message and brand out to a targeted audience, generate more sales opportunities, and increase the event's ROI. History has shown that companies that utilize MPOs generate more booth traffic, more sales leads, and an overall higher level of satisfaction than companies that do not take advantage of these opportunities.

- Lunch/cocktail sponsor
- Coffee break sponsor
- Keynote/oral sessions sponsor
- Conference delegate bag sponsor
- Bag insert sponsor
- Lanyard sponsor
- Notepad sponsor

Registrations

We would be honored to have your esteemed presence at the Bioenergy and Biofuel Conference 2026. Registration is Started , and we encourage you to secure your place at this impactful event by completing the registration process at your earliest convenience. Your participation will significantly contribute to the advancement of sustainable energy solutions.

Early Bird Registration ends on **30th May, 2026**

Regular Registration ends on **6th July, 2026**

Final Registration ends on **23rd October, 2026**

EARLY BIRD REGISTRATION

Ends on May 30, 2026

BUSINESS
\$ 950

ACADEMIC & NON-PROFITS
\$ 750

STUDENT
\$ 550

ONLINE PARTICIPANT
\$ 200

REGULAR REGISTRATION

Ends on July 6, 2026

BUSINESS
\$ 1050

ACADEMIC & NON-PROFITS
\$ 850

STUDENT
\$ 650

ONLINE PARTICIPANT
\$ 300

FINAL REGISTRATION

Ends on October 23, 2026

BUSINESS
\$ 1150

ACADEMIC & NON-PROFITS
\$ 950

STUDENT
\$ 750

ONLINE PARTICIPANT
\$ 400
